EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Paul Teng on 27 April 2005.

The application has been amended as follows:

In claim 15, line 11 of the claim, delete "with".

In claim 15, line 16 of the claim, after "step (a)", insert "--are normal or abnormal--".

Allowable Subject Matter

2. Claims 13-16 are allowed.

3. The following is an examiner's statement of reasons for allowance: Neither Smith nor Tomioka et al. teach a measurement data generating method applied to a system for observing a ground that includes determining an operating state of each measuring instrument; giving a re-measurement instruction to a measurement instrument whose operating state is determined to be abnormal; storing measured data items in a first database; storing user contract information in a second database where the user contract information includes information of required observation points, information of required data items and information of required observation time; editing measured data items to satisfy requirements of contract users and transmitting the edited data items to the contract users.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Manuel L. Barbee whose telephone number is 571-272-2212. The examiner can normally be reached on Monday-Friday from 8-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Marc S. Hoff can be reached on 571-272-2216. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
